

2020/21 DRFAWA ELIGIBLE DISASTER PROCLAMATION NOTIFICATION

AGRN951 TROPICAL LOW AND ASSOCIATED FLOODING (28 JANUARY - 8 FEBRUARY 2021).

The above event was proclaimed an *eligible disaster* under the Disaster Recovery Funding Arrangements Western Australia (DRFAWA) on 9 February 2021, pursuant to clause 5.1 of the Disaster Recovery Funding Arrangements (DRFA) (the *Arrangements 2018*), issued by the Commonwealth Government Department of Home Affairs. The State Government will provide financial assistance to those people who have been affected through joint State and Commonwealth disaster relief and recovery arrangements.

On 28 January 2021 the Bureau of Meteorology reported that a tropical low had developed over the Northern Territory coast which proceeded to move southwest over the Kimberley region. The system followed the Western Australia coastline bringing heavy rainfall and flooding over the Kimberley and Pilbara. On 4 February, the system was situated near Carnarvon, and over the coming days produced significant rainfall and flooding that severely disrupted and damaged state and local roads. Stranded travellers required evacuation, power supplies were disrupted and the Department of Communities conducted welfare checks and stood up an evacuation centre.

Pursuant to subclause 1.1.1 of the *Arrangements 2018*, 'Storm' and 'Flood' are deemed to be eligible *natural disaster* events.

For the purposes of the DRFAWA this event will be referred to as '**Tropical Low and Associated Flooding (28 January – 8 February 2021)**'.

The DRFAWA is jointly funded by the State and Commonwealth Governments and administered by the Department of Fire and Emergency Services (DFES), with assistance from other agencies. Through the DRFAWA, the Western Australian and Commonwealth Governments provide assistance to people who have suffered the direct impact of a proclaimed disaster event.

- **For Local Governments & State Government Agencies** – Removal of debris from residential properties, counter disaster operations and the restoration or replacement of *essential public assets* including local road damage. State road restoration is through Main Roads Western Australia. Only costs incurred that are ‘additional’ costs, and are directly related to the event, will be eligible for reimbursement.

Note - The allowable time limit for eligible claims related to Emergency Works and Immediate Reconstruction Works expires on 9 May 2021.

LGs wishing to seek an extension to the Emergency Works and Immediate Reconstruction Works allowable time limit should contact the Disaster Recovery Funding Arrangements Western Australia team to discuss.
